BUILDING MAIL

Dear Chairperson Ryckman:

The Senate Select Committee on Wind Turbine Lighting was formed on June 28, 2022, by Senate President Masterson by virtue of Senate Rule 8. The Select Committee notes that during the 2022 Legislative Session, the standing Senate Committee on Utilities considered and held a hearing on a bill concerning wind turbine lighting.

As Chairperson of the Senate Select Committee on Wind Turbine Lighting, I respectfully request the Legislative Coordinating Council approve one meeting day for the Select Committee during the 2022 Interim to evaluate various policy options and make recommendations to the 2023 Legislature regarding wind turbine lighting.

Thank you for your consideration of this request.

Sincerely,
